NaviGate V1.2.x.x

Further to your recent application, in which you sought the views of the Maritime and Coastguard Agency (MCA) on CAIM (Cooperativa Armamento Imprese Marittime) product for the purpose of updating paper chart and nautical publications, and the distribution of Admiralty Notices to Mariners in digital format using the dedicated 'NaviGate V1.2.x.x' via Internet or e-mail communication.

On the basis of our meeting online and the product demonstration provided, I am pleased to advise you that the MCA recognises your 'NaviGate V1.2.x.x' as satisfying the carriage requirement for Notices to Mariners under Regulation 19.2.1.4 of Chapter V of the International Convention for the Safety of Life at Sea, 1974 (SOLAS) and the corresponding UK Merchant Shipping (Safety of Navigation) Regulations 2020.

This recognition is given on the basis that the weekly edition of the Admiralty Notices to Mariners, Blocks and Tracings are provided in their entirety (all parts), and in a read-only format that cannot be altered by end-users.

It is noted that the above also complies with the terms of the UK Hydrographic Office licence, HO 1876/131115/06. If UKHO withdraws or suspends their approval dated 09/02/2021, the status of this MCA approval will consequently be considered as rescinded.

This certificate is valid till 31/12/2026, subject to the above conditions.

Please sign below as acknowledgement of the above and return the signed copy to the MCA.

Yours faithfully,

Capt. Rakesh Pandit
